Is bipolar disorder overdiagnosed? Underdiagnosed? Neither? In this podcast, Dr S. Nassir Ghaemi offers his perspective on those questions.

Is bipolar disorder overdiagnosed? Underdiagnosed? Neither?

These questions are the focus of a presentation that S. Nassir Ghaemi, MD, MPH, will make at the American Psychiatric Association Annual Meeting, during the symposium “Bipolar Disorder: Update on Diagnosis and Treatment.” In this podcast, Dr Ghaemi offers his perspective on those questions. Dr Ghaemi is Professor of Psychiatry, and Director of the Mood Disorders Program at Tufts Medical Center, and a member of the Psychiatric Times editorial board.
